Time:

4:30pm CET ~ 10:30am US EST, 7:30am US PST

Location: on Zoom

*The power of elegance and the strength of presence come from Mother Earth energy merging with our hearts energy.*

The element earth gives you support and a sense of stability and confidence. When you channel the energy of the Earth Goddess up your body, you feel sustained and safe as you walk and move one foot in front of the other.

When you integrate the energy of the earth with your heart, then elegance, sensuality, strength and more confidence can be found to move around in the world.

*Let's walk into 2021 with an explosive walking style.*

The way we walk tell the world where we stand in relationship to ourselves and the world.  
Let's dance our walk to build a confident presence and make a statement for our 2021 resolution.

~~~ ~~~ ~~~

This is a sacred dance 1.5hr workshop, and it will offer you the opportunity to learn how to gather the energy from Mother Earth to find your strengths and grace and make your walk a powerful statement of your presence on this planet.

Stability, grace, trust, gratitude are the key concepts to manifest prosperity in all aspects of our lives, so

let's dance our way to successfully manifest our  
dreams and visions.

The way we walk tells more than you imagine.  
Let's play and discover new ways to dance and  
walk and manifest.
